Unity™ brings new levels of flexibility, performance and refinement to exterior illumination thanks to its advanced **Spectrum Five** light engine and large aperture Fresnel lens. In addition to incredibly saturated RGBAL color mixing, Unity provides a specially calibrated control channel with which you can instantly call up any temperature of white - from 2500K to 8000K.

External control using DMX-512A is supported through cable connection or via the built-in Aria™ wireless receiver. A clear daylight-readable OLED touch-screen user display provides access to a comprehensive configuration menu system. In wired installations, RDM (Remote Device Management) can be used to configure numerous key settings without need to visit each fixture.

AT A GLANCE

SPECIFICATIONS

Emitters	Spectrum Five light engine: Red, Green, Blue, Amber, Lime plus CCT select: 2500K to 8000K
Beam angles	10° native. 30° x 30°, 50° x 50°, 70° x 70°, 100° x 100°, 10° x 60°, 30° x 60° spread lenses
Output	Up to 11,639 lumens and 91 CRI
Lumen maintenance	L ₇₀ 100,000 hours (@ 25° C)
Control	0-100% dimming via wired DMX (with RDM configuration) plus built-in Aria™ Wireless System
Maximum fixtures in series	32 via wired DMX. Power local to each fixture or use Acclaim's Outdoor Link System - <i>see page 7</i>
Operating voltage	100-277VAC, 50/60 Hz
Power consumption	330W
Connection	Removable power and control cord (9 feet, 2.7m with bare wire tails) or use Outdoor Link System
Mounting	Surface mount yoke included. Tenon, pipe clamp, pendant and cable mount options available
Effective projected area	1.38 ft ²
Material	Die cast aluminum with a glass lens. Optional marine environment coating available
Finish colors	Gray standard (RAL 7047), black (RAL 9005), white (RAL 9003) or custom colors (provide RAL #)
Ambient temperature range	-40° F to 125° F (-40° C to 51° C)
Ingress protection	IP66, wet location
Impact protection	IK07, protection against 2 joule impact (40cm distance)
Vibration protection	ANSI C136.31, 3G-rated for high vibration and bridge applications
Warranty	5 years, limited
Weight	26.9 lbs (12.2 kg)
Dimensions	WxHxD: 12.28" x 16.18" x 11.3" (312 x 411 x 287mm) - <i>see page 6</i>
Certifications

POWER AND CONTROL WIRING

The supplied combined power and control cord (roughly 9 feet, 2.7m in length and with bare wire tails) attaches to the rear of the fixture via an IP66-rated composite connector. If you need to connect Unity to an Outdoor Link System configuration, use an optional OLS Link Cable (see right) in place of the included bare wire feed cable.

The color designations for the feed in cable are as follows:

Control wiring

DMX cable recommendations:

- Indoor exposed or in conduit above grade: *Belden 9842*
- Indoor plenum: *Belden 82842*
- Outdoor exposed, direct burial, or inside conduit below grade: *Belden 3107DB*

Alternatives must meet **all** of the following requirements:

- | | | |
|---|----------------------|----------------------|
| • Construction | • Impedance | • Capacitance |
| Shielded, twisted pair (or multi-pair). | Between 90 and 120Ω. | 15pF or less. |

Power

The fixture power requirements are as follows:

- Voltage: 100-277VAC 50/60Hz
- Power: 330W

Note: Acclaim recommends taking proper precautions for external surge protection, as control and power electronics can be damaged by major events. Ensure that the mains power is supplied from a suitably protected source and initial connections are made within IP rated enclosures. Acclaim recommends Belden 9842 or approved equivalent for all DMX wiring applications.

For full installation details, please refer to the **user guide**, available for free download here:

TYPICAL OLS CONFIGURATION

Unity fixtures are directly compatible with the **OUTDOOR LINK SYSTEM**. OLS greatly simplifies the task of distributing power and control to multiple fixtures:
